# Report of Principal and School Improvement Council

Springfield Elementary School is committed to preparing every student for tomorrow's world. Our students remain at the forefront of all of our decisions. During this school year, Ms. Sandy Shaffer was selected as our teacher of the year, and Mrs. Kim McLaughlin was named as our support staff of the year. We received the Palmetto Silver Award for academic achievement. We entered into our third year of our PBIS implementation. Our discipline continues to improve with this implementation.

One reason our school is successful is because of the various volunteers that we have throughout the year. These volunteers are active participants in the day to day school events as well as those events held after hours, which include Books and Breakfast, Grandparent's Day, Food Lion Math Night, PTO, Kiwanis Club Terrific Kid, Field Day, ESOL Night, Talent Show, etc. These partnerships are a vital part of our learning environment.

Professional development for our teachers continued in the areas of ELA, math, science, and technology. We focused on the reading and writing workshop throughout the school year. Being an avid and successful reader is essential to the success of our students. These trainings are crucial in order for us to meet the needs of our students in the 21st century.

The faculty and staff of Springfield want each of our students to obtain academic excellence. On a daily basis, we model for our students the importance of being a lifelong learner. We strive to foster a learning environment where all students can SHINE each and every day.

Jasper Powell, SIC Chairperson  
Alyson Perrin, Principal

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
